Profile

I am a Front end developer with 3 years of profesional experience. Using React.js, Typescript, CSS3, HTML5, Tailwind CSS, Node.js, Express.js, Golang, Svelte.

Formation

Computer Systems engineer jul 2018 – dic 2022
Instituto Tecnologico de Ciudad Madero, Ciudad Madero, Tamaulipas

Experience

Front end Developer ene 2021 – jul 2021
Zeti.ia, Tampico, Tamaulipas
I worked with Svelte and Typescript. Tailwind CSS. Making components and styling for an web app.

Software Engineer jul 2021 – mar 2022
IBM, Guadalajara, Jalisco
I worked as a front end developer for a project using React.js, React hooks, Styled components, Golang, Jest and TestingLibrary. All with a Agile methodology

Front end Consultand mar 2022 – ene 2023
Apex Systems, Guadalajara, Jalisco
I worked as a front end consultand. Developer a variety of chores using React.js, Typescript and PHP. Developing integrations of payment methods for an ecommerce.

Backend experience
My main experience is Frontend but I am not unfamiliar with backend. I have worked with backend in my jobs (Node.js, Express.js, Golang) and I know I am ready for a backend or full-stack position
